INMED MASTER'S DEGREE IN INTERNATIONAL HEALTH

Graduate-Level Training Open To All Healthcare Professionals

About the Program

This 32-credit hour graduate education program is designed for healthcare professionals and healthcare profession students to complement their education with both advanced academic skills and field experience. Equipped in this way, recipients of the MIH will be prepared to lead comprehensive health promotion and disease intervention efforts in low-resource and cross-cultural communities.

Three MIH specialty tracks are available:

- International Medicine
- International Nursing
- International Public Health

This unique degree is distinctly focused on improving the health of marginalized people by equipping healthcare personnel with expertise in epidemiology, diseases of poverty, maternal newborn health, international public health, cross-cultural skills, disaster management, health leadership, healthcare education, research, and quality improvement.

Graduates earn the credentials *MIH*. We recommend our learners complete one course per term. At this rate, the MIH can be earned in 1.5 years.

Enrollment Qualifications

Application is open to all healthcare professionals. Applicants must have completed a baccalaureate degree prior to making application.

Cost

Tuition is paid one course at a time at \$272 Tuition Per Credit Hour for the 2022-2023 academic year

- \$100 Application Fee
- Total tuition is \$8700, plus service learning travel expenses
